Joe,

Notwithstanding my dislike of proxy voting and desire that EQC strongly discourage the practice, please note that I have authorized Rep. Ellis to serve as my proxy when the committee elects a chairman for the 2017/2018 interim. I offer this email as the official record for her to so act.

I know the work of the committee and its members well enough to have a defensible position on who I feel should serve as chairman. I have relayed that position to Rep. Ellis and am entirely comfortable with her acting as my proxy.

Mike
